## INTRODUCTION

The financial market has been there for years in which the market has been trusted by Majority. The market where you can easily generate income in the fall or raise of the market, and therefore Forex market ( F. X) is today's international biggest market. In which the Global Investors Forex (institute of investors) is willing in providing the relevant knowledge to trade, trading without knowledge lead's to gambling and knowledge + trading = business in profession as an investor .

## VISION

- Seeing and hearing are the most important great tool to self guide.

## MISSION

- Uplifting the standard of economy and guiding our people from self-immolation.

## ABOUT US

Global Investors Forex (PTY) limited was established in 2018 by two students of knowledge. The company is specializing in providing knowledge on how to trade and becoming a professional F.X market trader. G.I Forex also provide knowledge of trading cryptocurrency, metals, oil etc.

The students of knowledge identified the gap of financial education towards our people from types of education:

- Scholastic education
- Professional education
- Financial

**Breaking the chain of poverty and guiding to financial freedom**
